GIS DATA COMMITTEE MEETING

Agenda

TOPIC	WHO (TIME)
Welcome / Who's on the Call?	Rob (2)
Announcements • Brown Bag Session tomorrow 6/30 at Noon • Welcome to John Halaka, new eGIS Section Manager • Esri UC July 11-15 • Reminder trainings & events calendar on eGIS Central • Trainings and events mid-year review Link to Brown Bag - https://central.gis.lacounty.gov/2022/06/28/egis-brown-bag-june-2022/	Rob (5)
LMS Cleanup • Progress updates • Reviewing categories - LMS_Data Review 2022.xlsx (working document) • Next steps We had a chance to meet a few weeks ago – DPW, DHS and DMH have given an initial review of existing categories, which ones to keep, delete, roll into other categories, or convert to tags. You can check out our working document in the link in the agenda. We will primary source information to each of the categories (211 import, etc.), and also merge in the DMH edits.	Rob (5)
EGISDBP2 SQL Server Update • Upgrade to SQL Server 2017 • Planned for July 17 Upgrade will happen in the evening on the 17th. Initial tests by eGIS after completion, everyone test Monday 18th morning.	Rob (5)
Updated City Boundaries • Boundaries are approved – see https://central.gis.lacounty.gov/2022/05/19/updated-city-boundaries-for-review/ for details and schema changes • Comments on the data • Process for adding to repository Ongoing minor edits aligning to parcels and other features. eGIS will load new data into repository, developing plan to implement the schema changes with minimal disruption/down-time.	Dan H. / PW (10)

Next Meeting: Wednesday, July 27th, 2022 (2-3:30pm)

Deprecated Basemaps • Reminder transition to vector tiles where possible • LAC authoritative vector tiles – https://lacounty.maps.arcgis.com/home/search.html?q=vector+tiles&contentstatus=org_authoritative • Current web maps with deprecated basemaps - Webmaps with Deprecated Basemaps 062122.xlsx	John Diaz (10)
AGOL New Features • New features included with the recent AGOL update	Norman / Shannon (10)
Closing/Action Items
